SUPERVISION OF OUR STUDENTS

Supervision ratios for U18s

The minimum supervision ratio for U18 students is as follows:

- In residential accommodation: at least **1:20**
- At night time, the Campus Manager, as well as the designated member or staff may be called upon by students for help or assistance. Their names and bedroom numbers will be displayed on each floor of the hall of residence.
- During social activities and excursions: At least **1:15**
- Angle Education takes full responsibility for the welfare and safeguarding of all students during their time on the school site and when on excursions/activities arranged and supervised by the school staff. These include any activity/visit as advertised or arranged with clients of the school for closed groups and any individuals studying with us and will ensure a minimum supervision ration of **one adult for every 15 students**.
- Students on our residential summer camps (INPS) are accompanied by their Italian Group Leaders/Teachers/Medical Staff and those leaders/teachers/medical staff hold the primary responsibility for their students' pastoral care. Angle education staff may be requested to escort the group leaders during the visits and/or social activities to secure a supervision ration of at least **one adult every 15 students** but they are not directly responsible for the pastoral care of these students.
- Closed groups (PONS students) travel with their Italian Group Leaders/teachers and the Group Leader/teacher is the ultimate person responsible to supervise his/her group constantly day and night as well as helping out with accidents, illness, homesickness, students' personal problems and religious observance. The Group Leader must comply with Angle Education/Residence rules at all times.
